ENERGYSTAR® qualified models use at least 15% less energy than required by current federal standards. LG's Energy Star refrigerators allow consumers to save money, energy and protect the environment.

FRENCH DOOR

Double Freezer Drawer

Two drawers provide the ultimate in convenient organization and easy access. The upper EveryDay Freezer drawer provides easy access to those frozen foods you reach for most. The lower drawer is a separate freezer compartment that lets you store larger items and is great for longer-term storage.

Tall Ice & Water Dispensing Center

The dispenser is nearly 12" tall, making it the industry's tallest water dispenser. Add to that an easy access water tap, slide out pitcher rest, and dual activation and you have a Tall Ice & Water Dispensing Center that makes it easy to fill all shapes and sizes of containers with the filtered ice and water you love.

Sophisticated Design, Inside & Out

Only with LG's exclusive styling package will you get contoured doors, hidden hinges, and other features that present a sophisticated and refined look. The interior of the refrigerator adds to this look with recessed LED lighting, low profile shelving and an integrated crispener and deli storage center.

Uncluttered Interior

Only LG gives you an uncluttered interior with exclusive features such as SpacePlus™ which relocates the ice system to the door, and recessed LED lighting. Now you can use the entire top shelf without the obstructions you'll find on other ice and water dispensing refrigerators.

4 Compartment Crisper System

Our unique design arranges the storage drawers to give you more versatility for organizing your foods and beverages. This refrigerator comes with a full width, temperature-controlled Glide N' Serve™ drawer, twin humidity-controlled crispers, and a bonus drawer that is perfect for beverage cans.

Cabinet Depth (LMX21981)

Designed to match the depth of your kitchen cabinets, so it'll fit right in!
